## Fowler Road News

### From the Fowler Road Team

As we are well into Term 4 this year, staff and students have been busy engaging in meaningful lessons and participating in a variety of learning experiences. Students from Kindergarten to Year 12 have contributed to the world's largest humanitarian movement by participating in the Australian Red Cross "Big Cake Bake" fundraiser. Each class cooked up a storm and baked many cakes and cupcakes for the charity! On Friday 9 November, our secondary students also participated in the World's Largest Mental Health Awareness Lesson, with students taking part in a 40 minute interactive mental health lesson that focused on the concept of building mental fitness and help-seeking behaviours. On a final note, we would like to congratulate our Year 12 students Anthony and Natasha on completing their HSC studies! We wish them the very best as they begin their next chapter in life post school and congratulate them on their fantastic achievements at Fowler Road School.

Beti Neskoski – R/Assistant Principal

Safe... Smart... Prepared

## UPCOMING EVENTS

End of Term 4 19/12/2018

Special Children's Christmas Party  
05/12/18

## Special Mention

On Friday 9th of November the Fowler Road School secondary students took part in the official Guinness World Record for the largest mental health lesson by NSW Department of Education. Our High School students learnt all about mental health literacy, resilience and mental fitness.

## Class in the SPOTLIGHT

Class 6— Ms. Beti, Ms. Jen, Mr Linnell

We have had a very busy start to Term 4 in High School. We are well underway with assessment tasks and end of year topic tests, students have been working diligently to get these completed. Anthony and Natasha have also finished their HSC studies, with Anthony completing his last exam. We hope they now have a well earned rest after their busy year of study! Our Stage 4 and 5 students undertook a fieldwork excursion for Geography at Sydney Bicentennial Park at Homebush. Students identified pH levels of water and the type and moisture level of soil. Students learnt about landscape changes over time and landscape management and protection. They also discovered that the D'harawal people had 6 seasons in their calendar! Keep up the good work, High School!

Cupcakes created as part of the 'Big Cake Bake' fundraiser.
