Fowler Road News

From the Fowler Road Team

Welcome back to Term 3! Staff and students have been busy getting the term started, engaging in meaningful lessons and participating in a variety of learning experiences. Students from Kindergarten to Year 6 have begun a new Geography focused unit of work for this term, across all primary stages of learning. We are also running *Tuning in to Kids TM* Parent Workshops every Tuesday afternoon for six weeks. This program provides a new way of working with families that focus on the emotional connection between parents and children. The program teaches parents skills in emotion coaching, to recognise, understand and manage their own and their children's emotions. We have had some very positive feedback from parents so far. Good luck to our Year 12 student Anthony who will be sitting his Trial HSC exams over the next couple of weeks!

Beti Neskoski – R/Assistant Principal

Safe... Smart... Prepared

Class in the SPOTLIGHT

Class 7– Ms. Jai

We welcome a new addition to the Tutorial program this year Nora, who has made a fabulous start to her educational endeavours at Fowler Road. In Term 3 students continue with a flexible learning approach facilitated through Sydney Distance Education. Term 3's focal point has been the development of cognition within learning, consisting of teaching designed to add depth to students critical thinking and understanding of content via questioning, problem solving and information fluency. In addition, students have continued to engage successfully in autonomous educational tasks, which has encouraged confidence and self-directed learning. Tutorial students continue to demonstrate a positive attitude towards their academic competency, they remain task focused, engaged and dedicated to meeting their key learning goals. Keep up the good work Tutorial!

A brilliant example of Vanessa showcasing her abstract artistic talents. Vanessa's art work featured in the 2018 SDEHS report!
