

## Fowler Road News

### National Day Against Bullying

### From the Fowler Road Team

The last few weeks have been very busy at Fowler Road School! In week 7, we acknowledged the National Day Against Bullying. All classes had a great time participating enthusiastically in team building activities on the playground. It was wonderful to see classes collaborating to work through various challenges and games. Students followed this up in their classrooms by learning more about standing up against bullying and making positive choices. Swim School is currently underway and all students have been working hard to practice and learn new swimming and water safety skills. We are only one week in and there has already been lots of progress! Keep up the impressive work, everyone.

Ms. Amy Burge— R/Assistant Principal

### UPCOMING EVENTS

Swim School	Weeks 8 and 9
End of Term 1	12.04.2019

### Just a Reminder

As Swim School is now in progress in weeks 8 and 9, could you please ensure that your child brings the appropriate swimwear to school including a towel and spare change of clothing.

### Class in the SPOTLIGHT

**Class 4— Ms Jai , Ms. Bec , Mr. Andrew**

As we are nearing the end of Term 1, Class 4 students have been working hard to follow the school rules and be responsible members of the classroom. This term we have been enjoying OT lessons with Ms Alecks which include practicing our fine and gross motor skills through fun and engaging whole class and individual activities. We have also been gaining knowledge through our numeracy and literacy rotations which provide play based learning lessons that incorporate hands on manipulatives as well as written activities to reinforce our learning. Class 4 have also been engaging well in our Swim School program where students have been developing a wide range of skills to ensure their competency, water safety and survival. Great Effort Class 4!
