

Fowler Road News

From the Fowler Road Team

The students and staff at Fowler Road School have been working hard this past fortnight as we approach the end of Term 3. Our Year 11 students are currently sitting their preliminary exams and deserve great credit for their application to their studies. I have also been very impressed with the fantastic learning occurring across the primary classes, especially in maths with a focus on measurement and geometry. It was great to see a high level of engagement during Book Week activities and everyone enjoyed playing a real-life game of "Where's Wally?"

Class in the SPOTLIGHT

Class 1– Mr Mackay, Ms Alison, Mr Jayden, Ms Maria, Ms Shontelle

Class 1 have been working hard this term learning about multiplication and 2D and 3D shapes in maths. The students have also been participating in basketball for sport and all the children have been improving their skills. We are now using Class Dojo, and everyone has been eager to collect 50 points during each week which earns the students a reward. We had an exciting day to celebrate book week with all students dressing up and participating in the book week parade. The students visited all the classrooms and joined in some great activities based on a popular book. Class 1's book was "The Book Week Monster" and all the students had great fun creating monsters out of play dough.
