

Fowler Road News

From the Fowler Road School Team

We have already reached the middle of term 1! Students and staff across the school have continued to work hard in all aspects of school life, which is great to see. In week 6, we had lots of students participate in Clean Up Fowler Road Day and as a result, our school is looking fantastic! Students worked hard before school and at recess to clear all rubbish within our school grounds and earned themselves extra FRS money for this. I hope to see everyone continue to take care of our school grounds and always use the rubbish bins, as well as pick up stray pieces of rubbish they may see around. Well done to all students involved! Our students have continued to work hard in their classrooms and I have seen some high levels of quality work being produced across the primary and high school classrooms. Keep up the excellent work everyone!

Class in the SPOTLIGHT

Class 2-Mr Josh, Ms Natalie, Mr Pita, Mr Sahir

Class 2 has had a great start to 2020! We've begun the year focusing on mathematics topics including whole numbers, addition and subtraction, and patterns and algebra. Although challenging, we have had some great results from all students. In sport, softball has been enjoyed by all and the students have been very supportive of each other's efforts which has been great to see. We've also done some terrific abstract art, worked hard on our Geography topics and participated well during our community access program. Within the classroom we have all been doing our best to respect one another, use polite language and be encouraging towards each other's achievements. I am proud of all of our students effort this term.
