

Fowler Road News

From the Fowler Road School Team

What a challenging time we are all facing! It has been great to see all of the staff at Fowler Road School working hard to ensure continuity of learning for all of our students temporarily unable to attend school. All teaching and support staff are striving to sustain the learning and wellbeing of all of our students during this difficult time through the provision of resources and activities across a variety of key learning areas including social and emotional skills. Teachers are also communicating with parents/ carers and students frequently to maintain rapport, provide assistance with learning activities and make sure our families are keeping safe during this time. Please remember that teaching staff are available to assist with school related matters in any way possible during this time so feel free to make contact.

It has been great to see that many of our students learning from home are engaging in the work packages sent home, as well as the online components of their learning where applicable. Many of our students have been sending quality work samples to their teachers. Please remind your child that our teachers are eager to see the work being completed at home. It has also been positive to see the few students that are still engaging on school site during this time making an effort to deal with the many changes that are occurring each day. These students are also still continuing to work hard on their set tasks and have been engaging with different staff and students across the school, therefore forming new and constructive relationships with others.

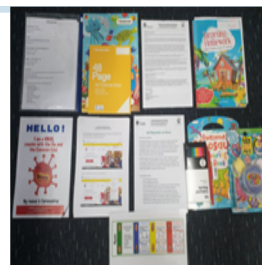

Ms Bianca Bramall—Assistant Principal

Class in the SPOTLIGHT

Class 4—Ms Jai , Ms Bec, Mr Matt

Thank you to our amazing students who have been working diligently through this challenging time. Most students in class 4 have shifted to an online learning environment and have been actively engaged in their home learning. Students have been working hard to complete set literacy and numeracy tasks and have been engaging well with their online learning activities including Reading Eggs, Matific and Inquisitive. Well done to all students for their effort and commitment to their learning!

COVID-19 Update

It is a very difficult time for families as you manage to support your child to engage in Home Learning. Thank you for your commitment and dedication towards your child's learning.

FRS has engaged an additional Registered Psychologist Mr Irfan Yigit to provide personalised support via phone in regards to your families and child's well-being. Please contact Principal Amanda Barton if you would like to access this assistance.

UPCOMING EVENTS

End of Term 1

9.04.2020

Just a reminder

Home learning

Students are to complete their allocated work tasks at home including their literacy/numeracy workbook and online learning tasks.

Your child's teacher will be checking in via phone calls, texts and emails to check on your child's welfare and their learning from home.
