Fowler Road News

From the Fowler Road School Team

What a positive start to term 3 it has been! Each student has settled back into school routine and are working hard on meeting their individualised goals. I have seen some great work across all classrooms, many students are engaging particularly well in their Inquisitive tasks which focuses on developing their historical and geographical skills. This term, we have been lucky enough to have Ms Sam and Mr Luke from Cricket Australia return to run a 10 week Cricket Blast Health & PE Program. Students were very excited to participate in the first session and showed some great team work skills. This term we have engaged two external Psychologists, Tilly and Kate, to run a Zones of Regulation program. Throughout the term, Tilly and Kate will work with each class to teach self-regulation by categorising emotions and states of alertness children experience into four zones based on levels of emotion and alertness. This term, we also farewelled Mr Mackay who was successful in gaining a corporate position for the next 3 years as Student Attendance and Educational Neglect Coordinator. Well done Mr Mackay! We also welcome back Ms Beti who is now working in the tutorial classroom, assisting our year 10- 12 students with their Sydney Distance Education learning. Ms Beti and Ms Jen have also been very busy this term preparing our year 12 students who have commenced their HSC trial exams. We wish them all the best during this time! Finally, we would also like to congratulate Mr Andrew, who was successful in obtaining the new role of Student Support Officer (Youth Worker) at Fowler Road School. Andrew will be working within the school community to provide individual and targeted wellbeing support and whole school wellbeing initiatives and programs. More information regarding Mr Andrew's role will be provided as he transitions into this position.

Just a reminder

Children who have cold and flu symptoms such as a sore throat, runny nose or cough should not attend school. It is important they stay home and rest to recover

Class in the SPOTLIGHT

Class 3 - Ms Lisa, Ms Monika, Ms Sherry, Mr Manny

This term class three has started with a new project. Each Monday Ms Lisa gives the class a weekly challenge. The class has the whole week to work on this challenge during their free time. On Friday staff can vote on their favourite entry. In week one we created elaborate domino structures and week two was about creating a vehicle out of Lego. Throughout the term we will be building rockets, ball-runs and creating self-portraits. Through these challenges we focus on creativity, perseverance and many other important skills in life. However, mostly it is a lot of fun!
