

Fowler Road News

From the Fowler Road Team

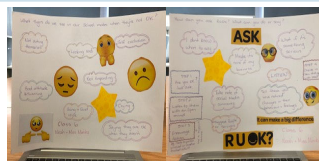

Students at Fowler Road School have continued to work hard on all aspects of their schooling, and the term has been going by very quickly! All primary classes have been engaging well with some extra-curricula activities, including the Zones of Regulation program and Occupational Therapy. On Friday of week 7, we asked one another 'R U OK?' to raise awareness of the importance of meaningfully connecting with others, and explored ways of supporting others in times of need. It was great to see students tackle this topic with sensitivity and respect for one another. On Friday of week 9, we will be taking part in Jersey Day, where students and staff can wear their favourite sporting jersey to show their support for the DONATE LIFE network. As the warmer weather is approaching, students and staff are reminded that hats are to be worn for all outdoor activities, including morning and recess play. Students have the option of wearing a hat brought from home or a school hat. Please see your class teacher if you need a hat. Well done to all of the students who have already been doing this!

Ms. Amy Burge, Rel. Assistant Principal

Class in the SPOTLIGHT

Class 6-Ms Amy, Ms. Monika, Mr. Will, Mr Linnell, Mr Johnny

Class 6 have been working towards understanding changes and how to manage their diverse array of emotions. They have been working very hard on the Zones of Regulation program with the support of Learning Links. Through this weekly program the students have been identifying what they look like and behave like when they are in each of the zones; Blue, Yellow, Red and Green and the strategies they can use to bring themselves back to Green when they are in one of the other Zones. Class 6 have enjoyed engaging in Cricket as part of our Sports program this term which has been getting them out and about a bit in light of the current COVID-19 situation. As a class they have handled the return to school quite well and are very mindful of how to look after themselves and others practicing good hygiene and have been more aware of how they and others are feeling.

"If a child can't learn the way we teach, maybe we should teach the way they learn"- Ignacio Estrada
